**Providing a Place for Success, Today and Tomorrow**

To Whom it may Concern;

Crossroads is a public charter school. A requirement of our program that we require our high school students to complete a minimum of 5 hours of Community service each Semester. They do receive a Pass/Fail grade on this as well as elective credits towards graduation, so if they do the work and you believe that it is not a service to you please feel free to make a comment on that and let us know. The point of this is not to cause members of our community any discourse, but to enlighten our students to charitable endeavors.
